Crashbar	156

**YAMAHA TDM 900.**

- Reliable protection for frame, engine and fairing without spoiling the look of your bike.
- Compact alternative to **Crashbar**.
- Slider pads are made with lightweight, CNC-milled PA6-MO which offers higher tensile strength and more impact and UV resistance than Delrin.
- Substructure CNC-milled from high-strength aluminium alloy.
- If fairing cut-outs are required, templates, and center punches are included, providing precise and easy installation.
- Optional accessories:  
**Slider Pad Set** for replacing worn-out or used slider pads.

**Proven in practice.**
