## Info sheet - Forcefield Shirt Codes/Sizes

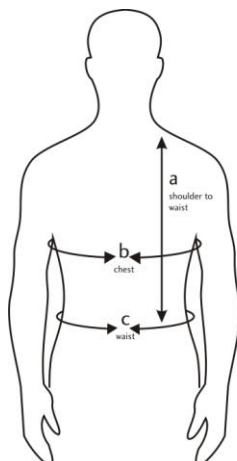

**Code: FS KR. 1499,00**

By using a combination of both Meryl® and 3M Scotchgard®, both advanced and highly engineered fabrics, in conjunction with Forcefield Armourflex® body armour, this undergarment offers unparalleled comfort and performance for those demanding sports activities where impacts are an inherent occurrence.

- Lightweight undergarment worn close against the skin
- Incorporates removable Upgrade Performance protectors covering the Shoulders and Elbows and chests pads
- Machine washable with armour removed from pockets
- Strap on Pro/Sport-lite Back Protector can be brought separately and combined with shirt for extra protection.
- Constructed from Coolmax® and Lycra® fabrics offering exceptional performance
- Soft, lightweight and breathable comfort
- Cool in summer with thermal properties in winter
- Can be worn under any outer garment
- Multi sport product

Approved to EN1621-1:1998, EN1621-2:2003, EN13595-1:2002 and EN340:2003

The Forcefield Upgrade inserts are previously known as Moulded Armourflex. In 2007 we designed a new softer more flexible protector that is highly protective and comfortable. As well as this it is now breathable! Armourflex was tested in Ride Magazine and was categorized as winner of the brands tested by Dr. R. Woods.

- Available as Arm, Shoulder or Knees sold in pairs
- Optimum performance
- Repeat performance technology
- Comfortable and non restrictive
- Reassuring solid yet slimline construction
